

Dunmaglass wind farm Turbine delivery information Week commencing 19th September 2016

The turbine deliveries for Dunmaglass wind farm will take place between May and September 2016. The turbine blades and tower sections will be escorted by the police and they will leave from Inverness Harbour and turn on to the A9 via the Longman Roundabout. They will then turn off the A9 on to the B851 and travel to the site entrance. The turbine deliveries are being transported by road from Inverness and will also require a police escort.

The police escort will ensure the safe movement of these large delivery vehicles throughout their journey. The following table provides details of the planned deliveries that will be police escorted for week commencing 19 September 2016:

Day	Approximate time of arrival on the B851*	Approximate time of arrival at site entrance*
