

innogy at a glance

innogy generates, for example, energy from renewable sources and ensure that it gets to your home. We build intelligent networks. And we offer innovative energy services, in fields such as storage technologies, electromobility and energy efficiency.

New ideas can set new wheels in motion.

Introducing innogy

Our values and our actions

[\(/en/about-innogy/innogy-at-a-glance/responsibility\)](/en/about-innogy/innogy-at-a-glance/responsibility)

Our company is

Germany's leading energy company, with revenue of around €44 billion (2016), more than 40,000 employees and activities in 16 countries across Europe. With its three business segments Grid & Infrastructure, Retail and Renewables, innogy addresses the requirements of a modern, decarbonised, decentralised and digital energy world.

Our activities focus on its 23 million customers, and on offering them innovative and sustainable products and services which enable them to use energy more efficiently and improve their quality of life. The key markets are Germany, the United Kingdom, the Netherlands and Belgium, as well as several countries in Central Eastern and South Eastern Europe, especially the Czech Republic, Hungary and Poland.
