Dear [REDACTED]

Thank you for your email to my colleague [REDACTED] dated 30/03/2016 regards the above consultation.

Having looked at the information supplied, I can confirm that your Keadby II Site (NGR 482676 411646) is approximately 31.651Km from our nearest site. Which is our Weather Radar at Ingham. Our consultation zone around this site extends to a 20km radius and therefore we do not need to see any proposal which are located outside of this zone.

So there are no concerns and no comments.

Many thanks
