Share Incentive Plan

What is SIP?
It’s a plan which lets you build up an Investment in the Company’s Shares.

Invest
Simply decide how much you want to invest:
- Anything from £10 to £150 per month. Your investment is used to buy Partnership Shares and your contribution is taken from your gross pay which means that you’ll pay less income tax and National Insurance (NI) on your earnings.
- And SSE plc will match each share you buy up to a maximum of three shares. To put it in SIP terminology, you’ll be awarded three Matching Shares if you buy three Partnership Shares each month. A capped 1:1 deal, up to three Matching Shares per month.

Own
Your Partnership and Matching Shares will sit in your SIP. You’ll never forfeit your Partnership Shares; you’ll always own them. You can withdraw Partnership and Matching Shares after 3 years from the date of award, but they’ll be subject to tax and NI. For maximum tax efficiency, shares must be held in SIP for 5 years from date of award.

Grow
For as long as your Partnership and Matching Shares are in your SIP, they’ll be entitled to dividends paid by SSE plc. But the dividends aren’t paid in cash; the cash is used to buy shares to add to your investment, so your investment grows and grows. These are your Dividend Shares. You’ll have a blend of Partnership, Matching and Dividend Shares. And for as long as your shares are held in SIP, they’re protected from income tax, NI and Capital Gains Tax.
It is a very simple savings plan with an optional extra. You commit to saving a fixed sum over a fixed period and at the end of that period, you have the opportunity to buy shares at a discounted price.

What is Sharesave?

How does it work?

Invest
— Decide how much you can afford – anything from £5 to £500 per month.
— Choose how long you’d like to save – you can have a three year and/or five year savings contract.
— Savings contracts start on 1 October. Your first deduction will be from your September’s pay.
— Remember too, we offer Sharesave every year.

Relax
One of the luxuries of Sharesave is just how easy it is. Once you’ve decided how much you want to save, and for how long, you just sit back and watch your savings grow. Everything is taken care of for you. If you cancel before you reach the end of your savings terms, you’ll simply get your money back.

Enjoy
Once you’ve reached the end of your savings contract, you choose what you would like to do:
— You can use your savings to buy shares at the discounted price; or
— Take your savings back in cash and do whatever you want with the proceeds of your investment – the decisions are yours.
