Key information

What are micro grants?	Micro grants are intended to make the Griffin and Calliachar Community Fund available to individuals and small local groups who need small amounts to pursue their objectives. The process of applying for and receiving a micro grant is intended to be relatively quick and light touch and will be managed by your local Community Council.
How much can I apply for using this application form?	Up to £500. For groups with a constitution, larger grants are available by applying to SSE. For more information please contact Gareth Shields, Community Investment Manager, by e-mail at gareth.shields@sse.com or on 0141 224 7712.
Where does this money come from?	SSE operates the 68 turbine Griffin wind farm and 14 turbine Calliachar wind farm near Aberfeldy in Perthshire. The Griffin and Calliachar Community Investment Fund has been established as a means of enabling us to contribute to the communities located around these wind farms.
Which areas can benefit from the fund?	The community council areas of Aberfeldy, Dull and Weem, Dunkeld and Birnam, Kenmore and District and Mid Atholl, Strathtay and Grandtully.
How do I apply for a micro grant?	Individuals and groups seeking a micro grant should complete the short application form available at www.sse.com/beingresponsible/responsiblecommunitymember/localcommunityfunds/griffinandcalliachar/ Completed application forms should be sent directly to your Community Council.
When can I apply?	There is no closing date for applications for micro grants and applications can be accepted at any time.
When are decisions made?	The Community Council will inform you by letter of the outcome of your application as soon as possible, but the timescale will depend on when community council meetings are held. Please note that applications submitted immediately before a meeting may not be considered until the following meeting.
